

Grow Shade. Save Energy. Beautify Laurens!

Plant a tree today for a cooler, greener community tomorrow.

Two local programs. One greener Laurens.

Make your property cooler, more attractive, and more energy-efficient with an affordable shade tree that will benefit your home and community for years to come.

Affordable Trees & Shrubs for County Residents

Pocahontas County Conservation offers low-cost trees and shrubs to Pocahontas County residents. It is an easy, budget-friendly way to improve your property while helping increase the beauty and health of our county for generations to come.

Save Up to \$100 on a Shade Tree

Laurens Municipal Power & Communications (LMPC) offers an energy-efficiency rebate to customers who purchase a shade tree for property receiving LMPC electric service. Properly placed shade trees can help reduce cooling costs by blocking solar heat.

Rebate: 75% of the purchase cost, up to \$100 per shade tree.
